

NRF Sponsorship Program

IIAR's training programs are paving the way for the adoption of natural refrigeration around the world. Academy of Natural Refrigerant certificate courses and IIAR video training series courses influence policy formation in countries around the world – to ensure the safe use of natural refrigerants in our industry. NRF funding drives education & training programs, research, committee work and development efforts for IIAR's safety standards, guidelines and publications.

Sponsorship Level A \$4,000 for 1 year

- + 20 ANR Courses and 30 IIAR Training Videos for Company Employees
- + A full year of Recognition of your organization as a sponsor at NRF and IIAR events

Sponsorship Level B \$2,500 for 1 year

- + 10 ANR Courses and 15 IIAR Training Videos for Company Employees
- + A full year of Recognition of your organization as a sponsor at NRF and IIAR events

NRF Sponsorship is Easy

Contributions may be made to the NRF by any company wishing to support the work of the Foundation; the education, training and research engine of the International Institute of All-Natural Refrigeration.

- All sponsorship contributions can be considered a marketing expense.
- NRF publicly recognizes contributing companies.
- IIAR online training programs for employees are included with annual NRF sponsorship.

Benefit Details

Sponsors can use their free training programs for:

- Any number of employees
- For any classes available and offered within the IIAR online Video Series and ANR certificate courses
 - For example, with a \$2,500 sponsorship, 15 different employees can be enrolled by the company to each take the IIAR Video training on Basic ammonia refrigeration, and 10 different employees can be enrolled by the company to each take the IIAR-2 ANR course; **OR** each of these 25 different employees could be enrolled in a different class; **OR** one employee could be enrolled in many different classes
 - Full flexibility in use of the free courses
- Sponsor recognition for their support on the NRF & IIAR website, during IIAR & NRF events, and via online newsletters and social posts.
- IIAR Academy of Natural Refrigerant and video training courses must be taken during the sponsorship year.
