

COOL SCIENCE STARTS WITH NRF TRUSTEES

The future of natural refrigeration starts with YOU!

Natural Refrigeration Foundation Trustees help guide research, educational programs and provide scholarships to tomorrow's leaders of the natural refrigeration industry.

Your \$50,000 pledge (\$10,000 a year over 5 years) directly supports groundbreaking projects and innovative technologies that aim to reduce our carbon footprint and promote climate-friendly refrigeration methods.

Serving on the Board of Trustees means you're part of a leadership team that shapes our industry's priorities on an advisory body to the NRF Board of Directors.

WWW.IIAR.ORG/FOUNDATION

As a trustee, you'll work alongside like-minded individuals and organizations dedicated to making a difference and amplifying our collective voice to further the priorities of the Foundation. Join an esteemed group of leaders dedicated to supporting the scholarships, educational programs and research that benefit the global natural refrigerant industry.
